Purchase on site
We do not run a shop, because a local sale for us due to the in-house production time and logistics is not feasible. A sale therefore takes place exclusively via our intuitive online shop.

Market sale
In addition to the online shop Pera Peris is represented during the summer market season from April to November, as well as during the Christmas season with two historic market stalls Europe-wide on numerous medieval markets and historic festivals.

Vacation
In the period between Christmas and New Year, the company is generally closed. However, orders can be placed during this time.
